

SAPC 8525

COPY 1 OF 2

8 August 1956

Dear George:

Reference is made to my letter dated 1 May 1956, authorizing procurement of certain electronic equipments among other items.

As a result of additional review of our requirements, it is requested that you take the following contractual actions on our behalf:

- a. Procure 4 each additional Systems 1 and 3, or a new total of 20. (Does not include spares)
- b. Procure 26 sets of System 2 for installation, special tools, spares, training, Tech Reps., overhaul, and Handbooks.

Reference is made to my letter dated 9 April 1956, in which a requirement for System 4 was established. This is still a firm requirement; however, procurement authority is being withheld pending further evaluation by us.

25X1A

25X1A

A-101 - authorities seen.

9/7/56

*R-W has had agreement of Sys 1 & 3 for some time.
Sys 2 requirement has been cancelled.*
